"When I commenced taking your medicines, eighteen months ago, my health was completely broken down." writes Mrs. Cora L. Sunderland, of Chaneyville, Calvert Co., Md. "At times I could not even walk across the room without pains in my chest. The dader who attended me and I had lung trouble, and that I would near be used again. At last I couclided to try Doctor Plerce's medicines. I hought a bottle of 'Golden Medical Discovery', took it, and soon commenced to feel a little better, then you directed me to take both the 'Golden Medical Discovery' and the 'Favorite Prescription,' which I did. Allogether I have taken eighteen byttles of 'Golden Medical Discovery', twelve of the 'Favorite Prescription,' and five vials of 'Pelete.' I am sow almost entirely well, and do all my work without any pain whatever, and can run with more ease than I could formerly walk."

TREATMENT OF CANCER.

For a heroic surgical treatment of pancer Dr. Robert H. M. Dawbarn, visiting surgeon to the City and the viciting surgeon to the City and the Polyclinic Hospitals, New York, has been awarded the Samuel D. Gross prize of \$1,000. The prize is awarded by the Philadelphia Academy of surgery, which is truite for the fund. The victory represents the work of seven years of careful study. Dr. Dawbarn has found an operation for malignant cancerous growths in the head, where such growths cannot be cut out. The carotid arteries convey the main blood supply to the head. The main carotide divide in the neck into branches. The operation consists in outling out the external carotids on int branches. The operation consists in cutting out the external carotids on both the left and right sides of the neck, thus depriving all of the head save the brain and eyes of the main supply of blood. The operation is one which a few years ago would have meant death to the patient, but now is entirely practicable. The cuting off of the blood supply not only stops the growth of the cancer, but, by continued deprivation of nutriment, causes the gradual but steady lessening of the growth. This heroic treatment has been as successful as it is daring. The first person operated upon by Dr. Dawbarn went under the knife seven years ago. He had a malignant growth pawbarn went under the knie seven years ago. He had a malignant growth of the pharyox. He is now in good health and able to attend to business every day. It is said that if this plan of treatment had been known at the time of General Grant's last illness his life might have been great y lessaned. life might have been great y lessened.

fourth f to the Jewish Hospital for Incurables, gives corroborative evidence as to the rarity of cancer among Jews. The argument is therefore made that this ap-parent immunity is either due to race or diet. The latter he claims as the more probable cause. The Jewe forswear bacon and ham, and, as it has been shown that the pig is the only do-mestic animal never attacked by carcer, by the process of elimination he concludes it must be the salt and the flesh of the animal that are at fau t. The Jews also eat less but ther's meat than do the followers of most other reigious. That diet has much to do with the incidence of cancer is a belief con-etantly gaining ground, and there can be no doub: that a large quartity of salt is consumed by civilized people, but the contention of Dr. Braithwaite, that where salt is absent cancer is absent, appears quite untenable, if not absurd.

SPARROWS ATTACK FARMER .- Theodore Davis, an aged farmer, of Pitt's Hollow, near Middletown, N. Y., is suffering from an onesisught of English Co.), President, LAURENCE STABLER, Secretary. sparrows, which inflicted numerous wounds about his head and tace. Davis was crossing a field some distance from his house when he encountered a large flock of the birds. They arose from the ground as the farmer made his appearauce and circled about his head, obance and circled about his head, onstructing his vision. Then the birds
began pecking at Davis and in his
efforts to escape the flock, his hat fell
off, exposing his baid head, which also
proved a target for the ferocious little
creatures. With blood issuing from the
wounds on his head and face the aged
force facely, exceeded in making his farmer finally succeeded in making his escape and, nearly exhausted from his experience, slowly made his way home, where his wounds were dressed. Davis says it appeared to him as though there were many hundreds of the birds about him and they were proof against all his attacks. He believes hunger caused t iem to make the attack.

PERSONAL TAXES .- President Thos. W. Smith and a number of other members of the Washington board of trade appeared before the Senate D's ric committee on Wednesday and strongly opposed the enactment of a personal tax law, on the ground that it was needless legislation, and if enacted would impose a hardship that should be borne by real estat, holders who would be the ones directly benefited by the improvements for which in Blue Windsor Ground Plaster,

of our coal we lower the price in economy of consumption. Consumers will find that it is cheaper to use our high grade Lee Coal, that has been screened and freed from slate and stone, than that of an inferior grade. It gives more heat, less ashes and burns longer than any other coal, and our prices are as low as any. Coal and Wood under cover.
